

**Welcome to the Disney Institute!**

We are excited that you have joined us to experience a day at the Disney Institute! The Disney Institute is the first Disney Discovery Resort -- a vacation where you can participate, explore, and discover.

Please review the contents of this packet; we have placed in it your itinerary of Disney Institute programs, along with other valuable information regarding our programs and resort facilities. Although we know that much of your day will be filled with many exciting discoveries, we hope you will take a moment to explore some of our new facilities, such as Season's Dining Room, The Spa at the Disney Institute, and Dabblers -- the Disney Institute Store.

If you have any questions regarding your programs, please make sure you stop by our Program Services desks in the Welcome Center, where you picked up your welcome kit, or touch *Institute Programs* on any house phone.

As you can see, there are many unique discoveries awaiting you, and it is our fondest wish to make this day an exciting and memorable occasion. If you have any questions or any suggestions on how we can make your experience more enjoyable, please ask any member of our staff. We are ready to serve you!

Sincerely,

Maribeth Naughton-Bisenero  
General Manager
